Nirav Gujjar, INETE, Lisbon, Portugal

About me:

My name is Nirav Gujjar, I am 17 years old and I am currently studying Mechatronics in INETE, which is a professional school located in Lisbon. I live on the outskirts of Lisbon, in a not so small county called Loures. We are currently living in a three bedroom house, but we are going to move into a bigger house later this year. I love my routine because my days are always different, from breakfast to dinner, everyday is different. I live with my parents and my sister. My dad works at a multinational electronics service company called CTDI, and my mom is a beautician.

About my student life and my hobbies:

My student life was a bit complicated a few years ago, my marks were low and my effort was low. Since 2017, I realized that I couldn't conquer my dream of being an AMT (aircraft maintenance technician), having such low grades and so I decided to change to INETE and study mechatronics because it was an interesting course, certified by TAP AIR PORTUGAL and something different from the public teaching in Portugal. Since then, my grades have raised and I am happy with the improvement.

I have many hobbies, from photography to traveling. I love listening to music, being with my friends, practicing sports and many more things… I'm the kind of person that doesn't like to stay at home, I hate being at home. I usually go to the airport to take some photos to feed my airplane "blog" on Instagram. I'm a gold and silver medallist in badminton since 2017, but now I stopped playing because I don't have time and also due to my coach having retired.

(you can check my photos below)

I fell in love with aviation a few years ago and now I have photographed more than 1000 airplanes and I own a collection of aeronautical items that has a monetary value of more than 2000€ and a lot of sentimental value as well..

My fashion style, music and my games:

Fashion is very important to me, because the way you look creates a good impression at first sight to a stranger. I usually wear casual clothes, because my style is mostly informal. I don't have a specific music gender but I listen a lot to pop, rap and trap, and my favorite singers are Migos, Post malone and Lil Skies. Unfortunately, I don't play videogames at the moment...

And of course, there you have some photos of Lisbon and my school :)
