

Hi, I am Blas Langa. I am 15 years old. I live in a little town of Seville called Mairena del Alcor with my mother, my father and my brother. My brother and I study at IES Joaquin Turina school.

My friends participate in this project, too. We meet many times to play football or watch films.

I like football. My favourite football team is Real Betis Balompié, the best player is Lo Celso. I play in a football team called Club Santa Clara. We won the Spring Cup last year!

I like listen to music, it is very relaxing. I like play videogames with my friend, my favourite videogame is Fortnite.

I really like chemistry. I want to work in a chemistry laboratory.
