Hi, my name is Adrian. I am 18 years old. I live in the Viso Alcor, a village in Seville. I am a kind, friendly and cheerful person. I have a brother with 14 years and a sister with 10 years. I like football and basketball. I play in a goalkeeper soccer team. I like Real Betis Balompie it is one of the teams in my city. I never fly in a planet because.The only country I visited is Portugal. I study in Seville because my friends are in this institute. I work while studying in a courier company, you can do both although it is complicated. In seville there are two traditions semana santa and feria, i like both.

Seville is a beautiful city to walk around and see its monuments. I hope this adventure is unforgettable. My mother is 44 years old and she works in a sunglasses company. She is a very funny person and is always happy. my father is 43 years old he works in a courier company is a very funny person.
