

Hello I'm Alejandro, or Alex if you want. I'm 15 years old and I study in IES Joaquín Turina.

I live in Santa Clara with my grandparents and my mother. The name of my mother is Susana, and my grandparents are Pilar and Rafael.

I love play videogames and meet with my friends to go play football or only talk and have a nice time. Also, I like to watch YouTube or series like Game Of Thrones. I play football with my friends in Santa Clara team.

I join in this Project because I like travel and I want to meet new people.
