

Hello everyone!

My name is Laura and I am sixteen years old. I am currently attending the sixth grade of the Stiftsgymnasium St. Paul. I live in a small town called Wolfsberg (it is located 15 kilometres away from St. Paul). I live there together with my parents and my little sister.

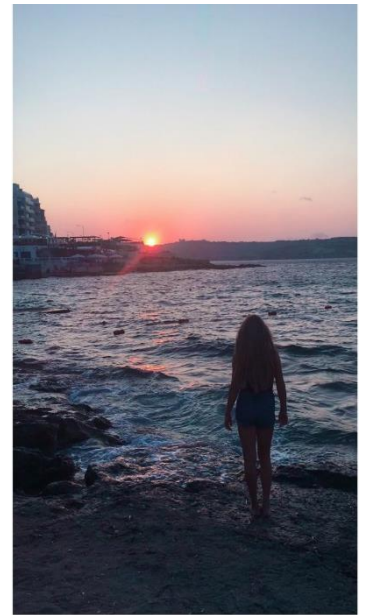

My father works as a notary and my mother as a teacher for Italian and physical education. My sister, her name is Stella, is 11 years old and she is attending the first grade in St. Paul. Moreover, we have two pets a dog, called Mailo, and a cat, Kira.

In my free time I do a lot of sport. My favourite sport is tennis. I play it three times a week and I also take part in competitions. Additionally, I play soccer in a girls' team. Furthermore, I attend a dance class. In winter I also love to go skiing and ice skating. In summer I love going swimming and running.

Another hobby of mine is travelling. My family and I have already visited several countries. Last year for instance we visited New York. It is a really amazing city and I totally enjoyed it. I just love travelling because you meet new people and learn about different cultures.

I also love spending time with my friends. We meet and do sports together. I love going skiing or playing soccer with them. Often, we just hang around and talk. All in all, we always have a lot of fun!!

Finally, I just want to say that I am really glad that I can be a part of this project and I am really looking forward meeting you all soon.
