

Hi everyone!

My name is Hannah, I'm 14, and I currently attend the ninth grade. With my parents, two dogs and several chickens I live in a town about 20 minutes away from St. Paul.

My family

My dad works at the airport in Klagenfurt and my mom is a geriatric nurse. I also have two older siblings, but they live in Vienna and study at the university there.

My dogs are named Luna and Brownie, and they are both mixed breeds.

My hobbies

In my free time, like a lot of people, I love watching TV-shows and movies. I also read a lot of books and listen to Musical soundtracks. Recently I even got to watch Hamilton in London.

I've been dancing for nine years (I'm really not that great at it though) and I have classes once a week. If you don't count going on walks with my dogs and maybe swimming on a few occasions in summer, that is about all the sport I do.

Even though I don't have that many opportunities to do that, I love travelling. If I do, then mostly with my sister Andrea.
