

Hey everybody!

My name is Isabella, but almost everyone calls me Isi. I was born on the 23rd August 2004, so right now I am 15 years old. I currently attend the ninth grade of the Stiftsgymnasium St.Paul. Together with my family, I live in house near Wolfsberg.

My family:

My family consists of 4 members, my mum called Silvia, my dad called Stephan and last but not least my younger brother called Florian. With our two cats, Kitty and Kira, our family is complete. My dad works as a hydrologist.

My hobbies:

I love doing sports, especially running in the summer and skiing in the winter, so I would call myself a very sporty person. But if I had to pick one of those two, I would definitely pick skiing because it's my favourite thing to do. I usually ski at the Koralpe when I have training with my skiclub or when I am just skiing with my friends. I learned skiing at a very young age, at 3 years to be exact and since then I have usually spent the winters on the ski trails. Besides that, I also enjoy listening to music or hanging out with my friends.

If my friends had to describe me they would say I am a nice and very talkative person and that you can have a lot of fun with me.
