

**Hey everyone !!!**

My name is Milene Tatschl and I am 15 years old. I live in a small town called Wolfsberg in Carinthia with my parents. I currently attend the fifth grade of the „Stiftsgymnasium St.Paul“.

### **My hobbies**

Some of my hobbies are drawing and dancing. I have been dancing for three or four years now and it offers a balance besides school. I take dance lessons in Hip Hop at two different dance schools two times a week. In my free time I like

to do sports, for example going to the gym. I really like to try out new things. For this reason I have been trying to teach myself how to play the ukulele for a few weeks now.

## **My Family**

My dad has got his own company where he produces and designs prototypes of machines. My mom is a secretary in my dad's company and that's the reason why they both work together just five minutes from our house. I also got two elder brothers called Julian and Marius, who study in Vienna.

## **My friends**

My favorite hobby is definitely spending time with my friends. If my friends had to describe me they would say that I am a sociable, creative, kind and considerate person. I am kind of a sensitive human and sometimes I am a little bit shy and self-conscious. But if I get to know people better, I get more open-minded and then you that you can have fun with me.

I have known my three best friends for about nine years now and they are very important to me. In our free time we go shopping, go to the cinema, visit an indoor pool or do many other activities. One of my best friends is also my cousin and she is like a sister for me.
