from Lisbon, Portugal

Hello!!

My name is Guilherme.

I'm 16 years old. I'm cheerful,
organized and have a good sense of
orientation. I live in Lisbon.

I study Electronics at the Institute of
Technical Education (INETE).

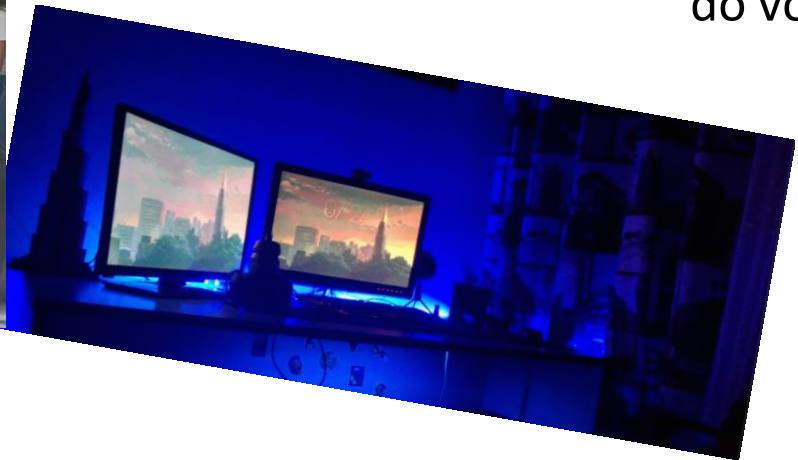

My family consists of
4 elements:
my father, my
mother, my sister and
me.

We have a dog. We
are a happy family
and we are very
welcoming

My hobbies are very simple: I study. 2 times a week I go to the gym. I play on the computer. Sometimes I go out with my friends and on Saturday I do volunteering.

This is my class.
People are very
friendly and
welcoming. We
have 2 girls and
the rest are all
boys.

My expectations are
very high and I am
very eager to go to
Paris!!
