Zé

Hi my colleagues!! My name is José Cunha and I'm 15 years old.  
I'll be 16 in May 10th and I prefer to be called Zé.

I live in Queluz and my house has 5 rooms, and a wall with a drawing of the seabed in my room.

I usually leave my home at 7:20 to go to school, catch the train and subway to get to school. Classes usually start at 8:30. When classes finish, I come back home using the same transports.

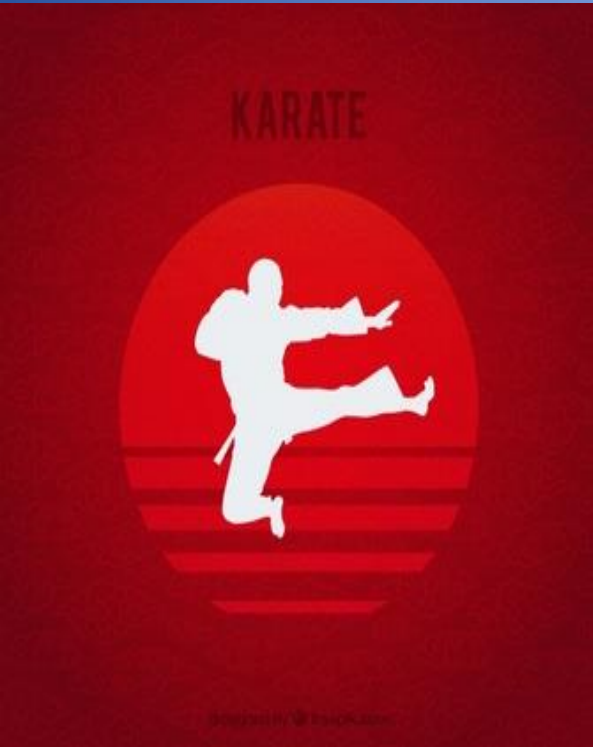

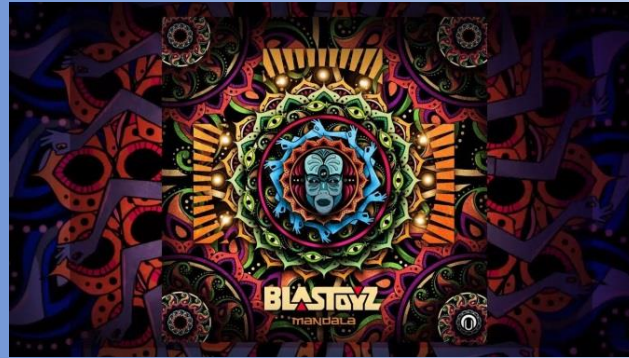

My classes

The teachers

My life at school is very normal, I like my classmates and I love my classes and all the teachers are friendly.

In my free time, I like to do sports, listen to music, play ps4, read books, cook and read mangas.

I do not like to draw, my favorite game is overwatch, my favorite drink is pomegranate juice and I like to do massages.

I hope you've learned more about me

Goodbye!
