Raquel Cotrim

Hello, my name is Raquel, I'm 16 years old, and I'm student of INETE.

In my spare time, I like to watch romantic movies like Nicholas sparks. I love practicing sports, but at the moment I only do KMG, it's a personal defense fight.

I love to do radical things that make me leave the comfort zone. I hate being stopped, I love meeting new things and dealing with new people. I love listening to international music. My favorite bands are liking park and Maroon 5.

I've practiced ballet, canoeing, Paddle, and I've also belonged to the Scouts.

Tips: I love to eat, but i don't like cod or kiwi

Every morning I wake up at 8 am and go to school. In school I spend most of my time in the bar with my friends that I met this year Constança and Margarida and also with my best friend from 5^o grade, Catarina.

The school is small and very cosy and the teachers are super nice and friendly and always like to help with our new projects.

The afternoon I'm going to lunch with my friends and when I get home, I eat and prepare the backpack for the next day.

MY HOME...

My house isn't very big, has two bedrooms and a bathroom, has a large garden, and is super warm.

I live with my mother, because I have separated parents, and with my cat Mia, she is super sweet and loves pampering.
